

National Political Document on Aging (2020–2024) & Action Plan

Albania • 2020

The policy aims to support the integration, quality of life, and active and healthy ageing of older persons in Albania, respecting their human rights and dignity. The policy is developed by the Ministry of Health and Social Protection, with other stakeholders, and covers all older persons in Albania, aged 60 and over, and their families and caregivers. The policy addresses the challenges and opportunities of ageing, such as health, social care, social protection, social inclusion, participation, and empowerment. The policy has four cross-sectoral strategic objectives and 25 specific actions. The actions cover areas such as health promotion, disease prevention, long-term care, social assistance, pensions, employment, education, culture, sports, participation, and advocacy. The policy is implemented by the Ministry of Health and Social Protection, with a steering committee, a technical secretariat, and a monitoring and evaluation system. The policy aims to have positive impacts on the well-being, autonomy, and rights of older persons in Albania, and on the social and economic development of the country. The policy is aligned with the national and international frameworks and commitments on ageing, such as MIPAA, the SDGs, and the EU policies and programmes. The policy has a duration of four years, from 2020 to 2024.
